That's great news. Just let me know what will work best for you and Joel.

Thanks.

P.s. So far, the only meeting on our schedule is at 10:30 a.m. on Wednesday, February 3. Otherwise, our schedule is wide open on those two days.

Thanks Alan – I think we're both in town. Let me see if we can get that scheduled quickly.

Best.

Greg

That's a surprise, but please let me know what you may discover, as it would still be great to track them down!

P.s. I now have confirmation that the President of Hudbay (the parent company that is working to develop the Rosemont mine) will be coming to Washington with his Rosemont team the first week of February. I hope that you and Joel will be in town that week and, if so, that we can schedule a meeting with the two of you on either Tuesday, February 2, or Wednesday, February 3. We are in the early stages of putting the schedule together, so we ought to be able to schedule the meeting at your convenience. Just let me know what might work best for you. Thanks.

Alan

I understand Bill and Karen moved to California. Trying to get contact info. Will let you know.

Best

Hey Michael:

Hope all is well and you've made progress with the Corps on that waste treatment system issue?

Do you have Bill Leary's current contact info? The phone numbers and email address I have are out of date for him in St Augustine.

Thanks for your help – have a great Christmas!!

Best,

Greg
